

COMMUNITY CONSERVATION SOLUTIONS

cordially invites you to a

Dinner & Dialogue

*on the future of L.A.'s stormwater and
water sustainability projects*

an Exclusive Evening of Conversation with

LA SANITATION'S

ENRIQUE ZALDIVAR, DIRECTOR

ADEL HAGEKHALIL, ASSISTANT DIRECTOR

and Special Guests

RICK COLE, L.A. DEPUTY MAYOR FOR BUDGET & INNOVATION

KEVIN JAMES, PRESIDENT, L.A. BOARD OF PUBLIC WORKS

BARBARA ROMERO, L.A. BOARD OF PUBLIC WORKS

Thanks to those of you who have suggested the dialogue topics below. Confirmed guests will have the opportunity to help us finalize the focus of the evening's discussion.

Dialogue topics will include:

WHAT ARE THE CITY'S SHORT-TERM AND LONG-TERM WATER SPENDING PRIORITIES?

WHAT PRIVATE SECTOR EXPERTISE AND INNOVATIONS DOES THE CITY NEED?

HOW CAN WE CREATE NEW JOBS RELATED TO WATER PROJECTS?

WHAT ARE THE SOURCES OF NEW FUNDING FOR WATER PROJECTS?

CCS is proud to recognize LA Sanitation for their vision for a One Water Future by hosting this evening of dialogue on how to make that vision a reality in Los Angeles.

Reserve your seat soon for this exclusive evening of conversation with L.A.'s water sustainability leaders.

We only have space for the first 25 guests who respond.

Thursday, the Second of October 2014

6:30PM • Wine & Appetizers

7:00 TO 10:00PM • Dinner

COMMUNITY CONSERVATION SOLUTIONS HONORS

*LA Sanitation's Enrique Zaldivar and Adel Hagekhalil:
Transforming Los Angeles by creating a One Water Future*

CCS is proud to host this evening of dialogue with L.A.'s water sustainability leaders as part of CCS' Green Solution, focused on transforming California's runoff into a sustainable source of clean, usable water.

LA SANITATION:

*A Nationwide Model for Environmental Stewardship
Making Los Angeles a One Water, Zero Waste City*

LA Sanitation serves nearly 4 million people through innovative, green stormwater projects through the \$500 million Clean Water Fund (Prop. O) and the City's \$6.6 billion Clean Water Program.

Led by Enrique Zaldivar, Director, and Adel Hagekhalil, Assistant Director of the Watershed Protection Division, LA Sanitation is dedicated to capturing and reusing L.A.'s limited water supplies.

ABOUT COMMUNITY CONSERVATION SOLUTIONS

We Are Problem Solvers

CCS pioneers the forward-thinking, strategic changes that are essential to solve the complex environmental problems created where people and nature intersect.

We Create Permanent Public Benefits

We Make Things Happen

CCS' GREEN SOLUTION:

*Transforming our Water Runoff Problem
into a Source of Clean Water*

Community Conservation Solutions' innovative and metrics-driven 'Green Solution' tool is a prioritized, digital road map that shows decision-makers **where**—and **in what order**—to implement “smart” stormwater capture projects that maximize water quality, water supply, conservation, and community benefits.
